EcoSort

Multi-stream bin system

Product Description

The EcoSort bin system is designed to give you maximum participation, maximum capture rates and low contamination. That is done but having an attractive bin system along with signage to make sure the program is successful. The bins come in industry standard sizes and have a variety of lids styles to suit your needs. Optional dolly system and sign holders are also available and the bins also have integrated bag clips to hold liner bags in place.

Product	Capacity (Gal)	Width (In/cm)	Depth (In/cm)	Height (In/cm)
EcoSort Maxi	23	10.8/27.5	23.2/59	27.75/76
